

Calderwood Winter Wonderland Walk

It's going to take lots of steps to get us to Santa and it makes the counting easier if most use the World Walking App. However, if you would prefer not to use an app then please complete the slip below with an approximation of the steps or distance, tear it off and hand the slip in to the class teacher on the Monday morning. These steps will then be added to the year group total as well as the Calderwood total.

Many thanks,

Calderwood Parent Council
